**INFORMATION DISCLOSURE STATEMENT**

Sir:

In accordance with 37 C.F.R. §§ 1.97 and 1.98, and in compliance with the duty of disclosure set forth in 37 C.F.R. § 1.56, applicants submit attached Form PTO-SB/08a for consideration and request the references cited therein be made of record by the U.S. Patent and Trademark Office in the above-captioned application.

In accordance with 37 C.F.R. § 1.98(a)(2)(ii), copies of cited U.S. patents and/or U.S. patent application publications, are not being provided. Copies of references that were previously made of record in co-owned application no. 09/656,173 (see IDS submitted May 26,

2004), which shares common priority with the present application, are not being provided with this submission.

Regarding the two non-English language documents are being furnished herewith, JP 2001-522404 and SAWAI (Hokkaido Animal Science and Agriculture Society Report, 1999, Vol. 41, pg. 23-49) their purported relevance is described in the enclosed English translation of an Office Action received in Japanese application no. 2001-521771 (which is related to the present application). The notation of "prior art" in that Office Action is solely a translation and does not constitute any admission by Applicants as to whether any of the references might qualify as prior art under U.S. law. Additionally, Applicants note that JP 2001-522404 is apparently a Japanese counterpart of WO 01/18193 to Lanza and West, a copy of which is included in this submission.

Applicant respectfully points out that the submission of the listed references in this Information Disclosure Statement is not an admission that they are prior art or that they are material to patentability of any claims of the application. Also, the submission of this Information Disclosure Statement is not an indication that a search has been made by the Applicant.

Consideration of the foregoing plus the prompt return of a copy of the enclosed Form SB/08B with the Examiner's initials in the left column in accordance with MPEP 609 are respectfully requested.

This Information Disclosure Statement is being submitted after the mailing of a non-final Office Action, but is believed to be prior to a final Office Action or a Notice of Allowance. The Commissioner is authorized to charge Deposit Account No. 50-0206 in the

amount of \$180.00 for the Information Disclosure Statement filing fee. In the event any variance exists between the amount authorized and the Patent Office fee, please charge or credit any difference to the undersigned's Deposit Account No. 50-0206.

Respectfully submitted,
